## 2. day

Your seasoned outdoor guide will lead you off the beaten path through the forest to snow covered lake. Throughout the tour you will have the opportunity to discover animal tracks and bask in the simple solitude of the nature. Although the snow will eventually melt, the memories you create will last a lifetime! During the tour, **snack lunch** is served around open fire. Later on, ice fishing trip to local lake: **a session of ice-fishing can be counted as a sort of meditation.** Whilst waiting patiently for something to happen – and often nothing does – your mind clears itself unexpectedly and effortlessly...

**Free evening at the cabin.**
